FINANCE COMPANY

STOCK-LOAN.NET LLC

We provide loans from these 4 renowned companies

We can lend
against Bitcoin, Ripple,
Ethereum, Litecoin
and other major digital
currencies. The LTV
is 40-65% and terms
are similar to
Stock Loan.

LOANS CAN BE IN ANY CURRENCY

QUICK LOAN AT ONLY 2%.-4%. AGAINST YOUR PUBLICLY TRADED SECURITIES

AMERICA 2030 CAPITAL, LLC AS A DIRECT LENDER CAN OFFER YOU FAST
CASH AGAINST YOUR PUBLICLY TRADED SECURITIES.

We are a direct lender. No broker or intermediary is used.

Entire process will take 2-3 weeks maximum.

Annual interest of only 2%-4%.

Loan to Value (LTV) up to 80% of value of stock.

All publicly traded companies in the world are eligible.

The shares are kept in a bank custodian account in your home country.

The shares are never short traded.

The shares remain in the name of company or client in local custodian bank.

Minimum loan amount of \$500K and maximum \$500M.

Non-recourse loans, no corporate or personal guarantee required.

Only requirement is that the shares must have some level of trading liquidity.

Loan term is min 24 months max 10 years and can be extended.

Loan will be closed in borrowers country and funds can be disbursed in any currency and free to be transferred anywhere. No restriction whatsoever on use of funds.

No borrower requirement. Securities are the collateral. Loan is against securities, not borrower.

No buyer qualification required.

Loan proceeds to be used for any purpose and not restricted in any way.

No ownership transfer of securities.

Dividends are paid to securities owner because owner is still official owner of record.

Simple interest is paid quarterly.

Stock must be in electronic form.

The loan is subject to certain fees which vary and depend on size of loan. However, borrower should expect to pay to lender an origination fee of 0-2% of loan amount. Origination fees are paid from loan proceeds.

No upfront or application fees are required for stock loans.

Shares must be unrestricted and in electronic form.

STEP 1

Client provides ticker symbol, stock exchange, desired loan amount and number of shares to be pledged.

STEP 2

A verbal quote is provided outlining lenders terms.

STEP 3

Prior to lender issuing a written Term Sheet outlining terms of the loan, borrower must execute a "Stock Loan Fee Agreement" with America 2030 and submit a copy of brokerage statement verifying securities owned and photo ID.

STEP 4

Lender issues a written Term Sheet which borrower may execute or negotiate it's terms. Upon execution of Term Sheet, lender sends out the Loan Agreement to borrower or his attorney. A custodian bank/transfer agent is selected which will hold the shares. Loan Agreement is negotiated and then signed with lender.

STEP 5

Upon execution of Loan Agreement, the lender and borrower make arrangements to place borrowers securities in mutually agreed local custodian bank/transfer agent of borrowers residency, the country where the security is traded or in any country borrower chooses.

STEP 6

A 3-way agreement is signed by borrower, lender and custodian bank and a "Closing Statement" is prepared. Client deposits the stock with custodian bank/transfer agent and lender wires the funds to custodian bank or any bank in any country that borrower chooses.

STEP 7

Process complete. Borrower is in possession of funds and may transfer elsewhere or withdraw. The lender does not control use of funds or the country that borrower chooses to receive funds in.

***Steps, terms and conditions are subject to change and may vary due to underwriting, stock and market conditions.**

Loans are tax free and not a reportable event. Stock loans are used by shareholders to raise cash and defer any taxes, while keeping the transaction confidential and unreportable

**There's no application form.
What is required to begin the process is:**

- ✓ **Ticker Symbol**
- ✓ **Stock Exchange**
- ✓ **Number of shares to be pledged**
- ✓ **Desired loan amount**
