Entire process will take place in tranches in 3-5 weeks.

All publicly traded companies in the world are eligible

Title Transfer to Lender required

Up to 65% LTV within 30-45 days and balance up to 90% LTV within 3 years.

Lender slowly disposes of stock and pays borrower in several Tranches

Zero % interest payable to lender

Lender will actually pay annuity to borrower up to 7% per year for up to 3 years  
on the difference between 65% LTV and 90% LTV.

No recourse, no personal guarantee.

Fully confidential and private

It's an excellent way to dispose of stock in privacy and secrecy without reporting requirements or a sale. Loan documents are structured as a loan.

This is a great way to strategically exit stock for some borrowers where traditional lending is not an option or not appealing. Higher LTV is offered with this structure.

Since many stock owners are seeking an exit versus a loan, seeing this purely as an exit strategy, this option provides to borrow up to 90% LTV.

Funds can be wired to borrower anywhere.
